

With 18+ years of drafting and design experience since 2008, I've worked with prominent firms such as GHD, Urbis, and PLACE Laboratory on a broad spectrum of projects spanning structural, architectural, urban, landscape, and defence disciplines. My advanced proficiency in Revit, AutoCAD and other software has enabled me to contribute precision and creativity to endeavors like expansive urban redevelopments, intricate infrastructure enhancements, and strategically vital defence installations. This diverse background underscores my ability to adapt and excel across multiple sectors

SKILLS & PLATFORMS

Autodesk AutoCAD

Autodesk Revit

Adobe Creative Cloud

Trimble SketchUp

Microsoft Office

QGIS

SECTORS & DISCIPLINES

Structural and civil infrastructure

Architectural documentation

Urban design and master planning

Landscape architecture and public realm

Defence and critical infrastructure

ADDITIONAL COMMENTS

Some minor and small contract roles have been omitted for presentation & brevity.

Referee contact details are available on request.

EMPLOYMENT HISTORY

RICHMOND+ROSS Revit Draftsperson & Technician

CROWS NEST, NSW | OCTOBER 2019 - NOVEMBER 2021

Richmond+Ross
CONSULTING ENGINEERS & PROJECT LEADERS

Produced detailed Revit documentation for retail, fuel, mixed-use and commercial projects, including large regional shopping centres and service stations. Coordinated models with consultants, ensured compliance with Australian standards, and supported design development through to construction documentation.

MERITON GROUP Structural Revit Draftsman

SYDNEY, NSW | MARCH 2019 - MAY 2019

MERITON

Delivered structural Revit models and drawings for high-rise residential developments. Worked closely with structural engineers to document slabs, cores, transfer structures and foundations for large apartment towers.

LEFFLER SIMES ARCHITECTS Architectural Revit Draftsman

MELBOURNE, VIC | SEPTEMBER 2018 - NOVEMBER 2018

LEFFLER SIMES ARCHITECTS

Assisted project architects with Revit documentation on retail and commercial projects. Produced coordinated plans, elevations, sections and details to support development and construction approvals.

FLEETWOOD AUSTRALIA Revit Draftsperson

MELBOURNE, VIC | JULY 2018 - AUGUST 2018

FLEETWOOD AUSTRALIA

Prepared Revit models and documentation for modular building solutions, including education and accommodation facilities. Contributed to efficient repeatable design packages in line with manufacturing constraints.

DC DESIGN STUDIO Design Consultant

PERTH, WA | JUNE 2015 - MAY 2018

Operated a design documentation consultancy offering 2D CAD sketches, full drawing sets and graphic design collateral. Delivered drafting for residential, commercial and landscape projects, along with marketing materials such as business cards and banners.

PLACE LABORATORY Draftsman

PERTH, WA | JANUARY 2017 - JANUARY 2018

Supported landscape architects on public realm and urban design projects. Produced CAD drawings, diagrams and illustrative plans for plazas, streetscapes and campus environments with a focus on walkable, engaging public spaces.

URBIS PTY LTD Drafting Technician

PERTH, WA | AUGUST 2014 - JUNE 2015

Provided drafting support on urban planning and development projects, preparing plans and figures for masterplans, rezoning and development applications across Australia.

ACCE PTY LTD Structural Draftsman

CDMO, WA | JANUARY 2012 - MARCH 2014

Produced structural CAD documentation for residential, commercial, industrial and institutional buildings. Coordinated with engineers to deliver accurate framing plans, sections and connection details.

GHD PTY LTD Draftsman

GERALDTON & PERTH, WA | AUGUST 2008 - NOVEMBER 2011

Contributed drafting to multidisciplinary projects in property and buildings, water, and transportation. Prepared drawings and figures for civil and structural works as part of large consultant teams.
